

CAMBRIDGE BRANCH

THE WINNING FUEL IN FORMULA 1 - PASSION, EDUCATION & DEDICATION

IAN GREIG, MERCEDES-BENZ GRAND PRIX ENGINEERING TEAM

THURSDAY 29th OCTOBER 2015 at CUED - BUFFET at 6 pm, LECTURE at 7.30 pm

For this year's joint lecture we will be joined as usual by the Beds & Cambs Panel of the IMechE and for the first time by the Cambridge Network of the IET. The main speaker is Ian Greig of the Mercedes-Benz Grand Prix Engineering Team based at Brackley near Northampton. He will be joined by colleagues who will between them cover the main engineering disciplines involved in building Formula 1 racing cars. Mercedes-Benz is planning to bring items for display in the foyer prior to the lecture.

To ensure that we keep within the venue capacity - Lecture Theatre 'O', Cambridge University Engineering Department's (CUED) main auditorium - and avoid disappointing visitors that we are unable to accommodate, we have decided to introduce a pre-registration system. Entry to this lecture is free but limited to 140 places for our branch. To be sure of your place please complete the registration form below and return it to our branch treasurer, Peter Jenkins, no later than **Friday 2nd October**. Branch members may bring one guest. Please include their name if you do so - this will enable us to comply with the Department's fire regulations.

A light buffet will be available at 6 pm in LR4, the room next to the lobby and LT'O'. There will be a selection of a dozen meat, fish & vegetarian items and six desserts, together with soft drinks, at a cost of £15 a head. If you wish to join us for this please complete the form below and send it, with your cheque payable to "Royal Aeronautical Society", as indicated below, or bring to the branch lecture on Thursday 10th September.

Mike Hawkins FRAeS, Branch Chairman
